Sacred Fish

The **Sacred Fish** is obtained via ::afk fishing with a **Bethlehem Fishing Rod** which requires the player to have opened at least 5K Golden Fishing Chests to be able to catch this special fish with a rate starting at 1/50k, going down by 10k for every 10k chests opened. For example; If you've opened 30k chests the rate is 1/20k. This rate does have a soft cap of 1/1k at 50k+ chests opened so it's still not a guaranteed catch. Each player can only catch ONE fish per account, and is an untradeable item. This is used to invent **Maui's Sacred Hook**.
